POLITICAL REFORMS

Pakistan is an Islamic Idealistic state and Islam is the strongest pillar of our social life. In this perspective the Pakistan Conservative Party shall perform to boast Islamic tradition in all aspects of life.

Our religion is a complete life style which guides us through all aspects of life and strongly recommends the immortal traditions of justice, behavior and human rights to undo the social imbalances. Islamic state imposes responsibilities upon the rich to look after the needy middle class citizens and to pay their dues to the government. The citizens of an Islamic state are required to pay their debts so the available resources can be utilized properly to run the state smoothly.

Islam is the centrifugal force of our national unity and uniformity, so Pakistan Conservative party is determined to take effective measures to minimize the racism and sector differences so that the united Pakistani nation can take a positive part to achieve great national goal.

Since Pakistan came into existence as a result of a democratic struggle thus democracy is essential for Pakistan however the misuse of power in bad administration and corruption has earned a bad name to the democracy. Now we intend to get rid of corruption from our national politics by taking concrete steps and to strengthen the democracy. Following are the intended actions:

- Parliament's supremacy shall be restored by restricting law making through ordinances and SYSTEM will be comprehensively implemented to induce parliament's counsels in important matters.
- The constitution shall be adequately amended to end horse trading and change in political loyalties. The membership shall cease in case of a sensitive loyalty change.
- The number of parliament seats shall be increased to make national and provincial assemblies a true representative of different classes of the society so that women and intellectuals of different fields have their representation in the parliament.
- The upper limit of the election expenditure will be lower to enable the low income people to contest the election and to loosen the grip of riches upon politics.
- The number of ministers and advisers will be reduced in federal and provincial governments to minimize the state expenses.
- The import of duty free cars for high officials and the facility of treatment abroad for VIP people shall be stopped completely.
- The assets of the elected people shall be publicly announced.
- If any parliamentarian was found involved in corruption, not only he will lose his/her seat but a ban of 10 years to contest any election will be imposed upon him/her.
- All judicial inquiry reports shall be published within due period of time.
- The Pakistani expatriates will be given the right to vote. The foreign born children of Pakistani expatriates will not require Pakistani visa. The foreign born children must be registered in Pakistan.
- Unnecessary protocol for the ministers and other state servants shall be stopped.

PEACE AND JUSTICE

The provision of internal and external peace and security to the citizens is the prime responsibility of the government. The disturbed law and order situation seen in the recent past is a result of denial of supremacy of the law by the government to attain absolute power. Using state machinery to overcome political rivals and the trend of one family rule has shattered our society right to its roots.

The grave situation of internal security encouraged our enemies, consequently our external threats are multiplied. We pledged to rectify the situation through the following actions:

- Implementation of law at all levels will be ensured in the entire country.
- The state governess shall be used to protect the meeker from the undue influence of the power holders.
- Police attitude and performance will be enhanced through reforms and training.
- Political interference in administration will be stopped. The common people shall be induced practically in planning the crime prevention and social services.
- Result oriented reforms will be introduced to rectify jails situation to ensure that prisoners especially youngsters live as better citizens after their release from jails.
- The district police will be responsible to maintain law and order and also to respect the rights of the citizens.
- The Pakistan Panel Court, Law of Evidence and Criminal Panel Court will be revised to reconcile with the social requirements.
- A vast chain of legal associations will be formed to provide legal assistance to the helpless women and other destitute citizens.

RIGHTS OF THE CITIZENS

The constitution of our country guarantees that every citizen has the ultimate right to the protection of his life and wealth; opportunities for free growth and the equal legal facilities in the perspective of Islamic principles. We pledge to derive a mechanism under which:

- The law implementation will be so strict that even highly influential person will not be able to escape from the firm grip of law.
- A commanding authority will be formed which shall ensure that the administration does not misuse its powers.
- The District Session Judge will look after the rights of the citizens and if any administration worker causes any injustice to any citizen then the Session Judge will act accordingly upon the complaint of the citizen.
- The employment in government services and the admissions in academic or vocational institution will strictly be on merit basis. The merit will be judged through the competition examination held under Public Service Commission or other autonomous bodies.
- The valance and victimization on women and the child labour shall be ceased completely.
- Death penalty will be awarded to the criminals of gang rapes.

- The system of having private jails and self imposed punishments by the feudal will be dealt with iron hands. Any such jail found will be directly blamed upon the local administration and culprits will be punished.

GOOD GOVERNNESS

The governing system in Pakistan needs drastic measures to reform and make it practically acceptable. The government mechanism is almost unbearable, corrupt, deviated and nihilist.

SUPREMACY OF LAW

- All government decision will be under the law and all discretion powers will be forfeited and the government departments will be standardized in the best interest of public.
- The government rules and regulation will be modified to be easy and comprehensive
- The tenure of the government servant will be protected and high officials will be absolved from political influence through Strict Accountability.

DIVISION OF POWER

Concrete steps will be taken to dissolve the centralization of power at federal and provincial level by making district administration role instrumental and active to improvise the government as servant to the people and end the red tape ism. In this regard health, primary & secondary education, construction of local roads, irrigation and police departments will be decentralized in the first phase, these department shall be run by the local or district authorities and the provincial or federal government will merely observe them.

GETTING RID OF CORRUPTION

Misuse of power, avariciousness and corruption are the deadliest plaques of our deteriorating society. Pakistan Conservative Party shall act at the following three levels:

- The accountability process will be enhanced and the accountability department will have independent and authoritative to investigate in case of any complaint against the elected representative or government officials. The commission will have its own separate mechanism for investigation and prosecution.
- Honest people will be appointed in the federal and provincial anti corruption committees who fear only Allah to punish corrupt government officials and to terminate their services
- Every civil servant and public representative will be bound to declare his holdings and assets regularly.

CUTTING EXPENSES

The government expends more than the required percentage of our national resources. To reduce government expenses we shall:

- We shall end the traditional rich parties and meetings and only tea will be served in parties. Meal may be served only in marriage parties.
- We shall take full measures to end the social curse of dowry and its display.
- The use of government vehicles and telephone will be reduced.]
- The inland and foreign by air tours of the government officials will be limited.

INDUSTRY & TRADE

The corruption, selfish decisions and worsening law and order situation in Pakistan has damaged the country's economical life. False loans were awarded against heavy commissions and bribes and high cost contracts & state deals were approved which caused the loss of billions of rupees to the nation. Following steps will be taken in view of the above facts:

- Industry and trade sectors will be given more autonomy to enhance and continue the economic reforms and rent seeking will be prohibited without validation to make the use of national resources as transparent as possible.
- The taxes and customs on the imports will be compatible with the requirements to improve investment in the export industry and to discourage smuggling.
- The private sector will be encouraged to introduce training schemes to improve the quality of the production and the capacity of the labour.
- The law regarding sales tax, central excise and sales tax will be made easily understandable.
- The continuity of the policies will be ensured and open promotions will be on transparent actions. The system of rapid action will be implemented to address any issue within 3 days of time.
- A strict policy of population growth will be enforced to improve the production ratio and to provide jobs to the labour class.
- New dams are essential in all the suitable parts of the country.

AGRICULTURAL & RURAL DEVELOPMENT

- Agriculture is our largest and most important sector of our economics but due attention was not given nor such economical and financial facilities were considered for this deserving sector.
- Pakistan Conservative party aims to develop, strengthen this sector and also to expand through the following reforms:
- Each district will be surveyed and a 5 year development plan will be prepared considering the land, water and human resources of the district.
- Lakes and dams will be build to store flood water for irrigation and to gain energy.

- Our government will implement a comprehensive project to achieve self reliance in wheat and oil seeds.
- Corpse prices will be gradually increased to meet the international export prices.
- A special program will be carried out to improve small farmer's production capability and to ensure to get good corpse price in the market.
- Special attention will be given to grow fruits and vegetables and facilities will provide to export them to increase the income of the farmers as well as foreign exchange for the country.
- Required financial and technical aid will be provided for the development of the agriculture industry.
- Agriculture machinery, pesticides and seed prices will be controlled in genuine limits, sales tax and surcharge will be cut down and agriculture loans will be offered.
- We will get rid of feudalism and land will be distributed throughout the country to protect lower classes. A practical system of agriculture tax will be introduced.

EDUCATION

The aim of education policy will be basic literacy such as to increase the productivity of a person thus education standard will be meliorated to be compatible with the job opportunities in the society.

- The education system will be reformed to get rid of the curse of cheating in the examination and tampering with the result and any examiner, student or other related staff was found guilty will be severely punished.
- A model school of highest standard will be established in every district and tehsil which will be run by independent administration. The admission will be strictly on merit basis after an entry test. The expenses of education will be borne by the students however stipend will be awarded to the deserving candidates.
- The syllabus and examination will be set comprehensively in accordance with the country's industrial and trade demands.
- Cooperation between the Pakistani universities and foreign institutions will be promoted to achieve an internationally comparable standard of education.
- Violence in the academic institutions will not be tolerated in any circumstances.
- The vitality of the youth will be elicited to divert towards healthy activities.
- The research, development, technical and scientific education will be addressed in the most modern manner to meet the challenges of the 21st century. The high standard of scientific and technical education will be maintained in the institutions and cooperation will be extended for the research centers in all major subjects.

EDUCATION AND LITERACY

Pakistan Conservative party believes that low literacy ratio and defective education standard is the basic reason of economical and social declension. Our aim is that within five years every child of 6-12 years of age will go to school so that after 15 years literacy is quite common. We

understand that our education system failed to pace with the prerequisite of modern era. Consequently many educated youngster remain jobless. We intend to rebuild the education system to cope with the requirements of time.

LITERACY

- The primary education system will be implemented with perfection under the social action program and not even a single penny will be wasted in the course.
- The mosque may be utilized as primary school between the Zohr and Asr prayers at suitable places.
- The educated and jobless persons will be offered to open a school in their areas after receiving basic teachers training, specially lady teachers will be urged to open girls schools. The government will provide free land for this purpose in rural areas.
- The lady teachers will be posted near their residences as far as possible and their transfer will be done according to their preferences keeping in view their difficulties.
- The degrees from our institutions do not bear any value of acceptance. Independent examination board will be established with the cooperation of international institutes to restore the respect of our degrees globally so that persons seeking employment possess capabilities of international standard.

HEALTH

NATIONAL HEALTH SERVICE:

The health system is tattered in Pakistan and citizen are not provided even basic health facilities. Pakistan Conservative party plans to start a comprehensive National Health services with the collaboration of private sector. The National Health Service will be as such:

- Every citizen will have a Medical Card to receive medical treatment from a doctor. The state will pay these doctors an annual fee according to the list of their entitled patients.
- This facility will start in rural area and then it will be open all over.
- There will be at least one hospital in every district capable of diagnosing diseases and having facility for semi medical training.
- Possibly every village will have a medical center.
- Provision of potable water and sewerage system project will be given priority. Schemes like Orangi Pilot Project, Karachi will be started in the entire country.
- The private sector will be encouraged to expand pharmaceutical industry and diagnostic equipment manufacturing leading to affordable and effective medical treatment for the common people.
- An autonomous body, Drug & Food Administration, will be formed to provide quality drugs, to prevent supply of sub-standard drugs and to control the prices.

SOCIAL ACTION PROGRAM:

In addition to the basic education and basic health protection, other aspects of Social Action Program are welfare, provision of water to villages and sanitation issues, which will be addressed specifically. Pakistan Conservative party will act to enhance and accelerate the Social Action program as follows:

- The political influence will be minimized in implementation of social program and all recruitment will be ensured on merit only and development areas will also be selected on merit.
- The involvement of local welfare groups will be extended in these programs.
- The power and authority in respect of these program will be shifted from center and provinces to the concerned districts and local bodies.

HOUSING:

A big chunk of city population is living in Kachi Abadis and similarly people are living flimsy houses. Pakistan Conservative party will introduce a national policy through which residential facilities will be enhanced and new towns will be built as directed by the holy prophet Muhammad PBUH. In this regard low cost houses in the cities and cheap plots in the rural areas will be provided. The construction industry will be encouraged with the financial grants to the departments under friendly policies.

TRAVEL & TRANSPORT:

Pakistan Conservative party will review the public transport system to reduce pollution, traffic load and necessary travel facilities. Special consideration will be given to the transport of buses and wagons to upgrade the transport service. The system to apply for a driving license will be changed to eliminate the issuance of bogus licenses through bribery to eliminate the threat to citizens' lives.

ENVIRONMENT:

Pakistan Conservative party is fully conversant with the environment pollution issues and pledges to take necessary action for improvement.

RIDDANCE OF POVERTY & SOCIAL SECURITY:

It is the religious obligation of the state to look after the welfare of the lowest class of the society. We could not provide adequate social security to the poor and depressed people in Pakistan. Despite of the lack of resources, Pakistan Conservative party promises:

- The district will maintain a register to record every poor, widow, orphan and aged person who cannot earn to provide them living.
- These people will be issued medical cards to receive treatments.
- These people will get basic necessities such as food from food stamps or BAITUL MAAL.
- The poor will be preferred to avail loans for small business.
- Domestic schemes will be promoted to help poor women raise their income.

UNEMPLOYMENT

Unemployment has become a grave crisis in our country, threatening our basic social structure. It is not possible for any government to employ every single person in the country. Pakistan Conservative party believes in the promotion of private employment for the rapid growth which is quite slow in government jobs. The following steps will be taken to create job opportunities under this policy:

YOUTH TRAINING PROGRAM

The government will provide one hundred thousand opportunities for apprenticeship in the field of Trade & Industry. These opportunities will be created to train electricians, plumbers and mechanics with the cooperation of private sector.

BUSINESS PARK

Possibly a Business Park will be established in every district to facilitate to start a workshop or small business.

AGRICULTURAL COOPERATIVE DEPARTMENTS

Agricultural cooperative departments will provide necessary training and financial assistance to those who desire to establish dairy farms and arrange these products to be sold at utility or cooperative stores.

GOVERNMENT JOB

The government jobs will be offered strictly on merit.

SELF EMPLOYMENT PROGRAM

Small Necessary professional training will be Business Corporation will provide loans on merit basis without any political affiliation.

LABOUR REFORMS

Nation cannot prosper unless the workers of the country are in good condition. Labour laws will be improvised to develop good relations between the employee and the employer. Such as:

- Maximum 48 working hours per week.
- Law will be passed to ensure safety during the work and compensation in case of any industrial accident.
- Law will be passed to completely eliminate the child labour.
- Necessary professional training will be given to improve the standard of the workers.
- All industrial units will be bound to reserve 50% shares for the workers. Industries will be urged to build colonies for workers.

WOMEN WELFARE

Our social development program has the top priority for the increase in women literacy ratio and their earning capabilities.

Pakistan Conservative party has a comprehensive program to ensure social, political and economical status for women.

In this regard:

- The working women will be provided protection and residential facilities in urban areas.
- More resources will be allocated to increase women literacy ratio and their education.
- The women will be granted funds through cooperative and social organizations so that they have their role in the development of garments and handicrafts.
- Strict laws will be made and implemented to cease the violence against women.

PENSIONERS

Pensioners are badly hurt due the hike in inflation of currency in the past three years. Pakistan Conservative party will take necessary measures for the beneficial of low pension persons and widows of pensioners using available sources.

MINORITIES

An Islamic society is bound to secure social, religious and economical interest and Pakistan Conservative party will secure minorities interest to the full extent. Pakistan Conservative party will ensure that minorities will have freedom, security, civil rights and equal opportunities to progress.

FACILITIES FOR SPECIAL PEOPLE

- Pakistan Conservative party will provide all possible opportunities to special people to utilize their social and economical capacities.
- Special people will have their quota in professional and technical institutions.

NATIONAL SECURITY AND FOREIGN POLICY

Pakistan is isolated internationally today and our national identity and ideology is in danger like never before. Pakistan Conservative party will adopt such a foreign policy according to national interests and will be embellished with strong defense, rising economy and public confidence.

The basic goal of our foreign policy will be to secure our defense, economical interests and idealistic identity and will base on the following guidelines:

Pakistan Conservative party will follow what Quid-e-Azam said “friendship with all confrontation with none”.

Pakistan Conservative party will struggle to achieve UN’s charter of peace for mutual existence.

Pakistan Conservative party will work for Pakistan’s integrity, security and peace.

Pakistan Conservative party believes in peaceful nuclear program and strictly oppose the bias and one sided behavior.

Pakistan Conservative party will stand with UN to cope with the international terrorism.

Pakistan Conservative party believes in the rights of Kashmiris as a sacred national duty.

Pakistan Conservative party wants good relations with all neighboring and south Asian countries.

Pakistan Conservative party will favour all efforts to bring peace and reconstruct Afghanistan.

The friendship with China is the main pillar of our foreign policy and Pakistan Conservative party will stand through thick and thin in this regard.

Pakistan has good relations with USA, Europe and Japan. Pakistan Conservative party will strengthen these ties for international peace, trade and investment.

Unnecessary defense and non-productive expenses will be cut down to boost the social sector so that the citizens are provided with employments, residents, education, proper food, potable water and transport facilities.

Expatriate Pakistanis will be given right to vote to invite their role in developing foreign ties.

70% Pakistani nation is chained and Pakistan Conservative party wants to invoke the self reliance so that our nation proudly stand amongst the other nations.

Pakistan Conservative party wants the people to recognize those who have been ruling them for the last 65 years and make a right use of their vote.

Pakistan Conservative party will give awareness to the people to vote for Pakistan Conservative party to differentiate between the slavery and freedom, so that Pakistan can get rid of high debts and the depressed chained nation win its right of freedom and prosper.

Resolve the old issues of energy and water to give our nation a sigh of relief.

ULTIMATE SOLUTION TO THE ENERGY AND WATER CRISIS

God has rewarded us with diamonds, emeralds and petrol and our reservoirs are far bigger than other countries have. Pakistan Conservative party will dig out and utilize our natural resources and very soon a campaign will be launched.

Pakistan Conservative party has decided that very soon we will utilize our natural resources, produce energy from windmills, coal and dams and introduce a new rising prosperous Pakistan to the world.

Our struggle to make greater Pakistan and make our people prosperous will continue forever.
